

Substitute Preschool Teacher

Qualifications

- Minimum of twelve Early Childhood Education units required
- Familiarity with appropriate curriculum and standards
- Familiarity with Christian principles

The Substitute Preschool Teacher will be responsible for assisting classroom teachers in implementing an NAEYC appropriate program.

- Prepare children for kindergarten by introducing concepts they will explore further in kindergarten and elementary school education
- Work with children in groups or one on one, depending on the needs of children and the subject matter
- Carry out a curriculum that targets different areas of child development, such as language, motor, and social skills
- Organize activities so children can learn about the world, explore interests, and develop talents

Young children learn from playing, problem solving, questioning, and experimenting. Preschool teachers use play and other instructional techniques to teach children about the world. For example, they use storytelling and rhyming games to teach language and vocabulary. They may help improve children's social skills by having them work together to build a neighborhood in a sandbox or teach math by having children count when building with blocks.

Preschool teachers work with children from different ethnic, racial, and religious backgrounds.
